Product Description

3 Tiers Welfare Cage Free System Maximisation Of Available Space For Laying Hen

The cage-free-X system has been designed as the evolution of the aviary solution, focusing on constant improvements in the work of farm operators through the use of practical and comfortable spaces. The system can also be customized with various accessories.

characteristic

This structural innovation maximizes the usable space while increasing the living area, thereby improving animal welfare without compromising accessibility. The production of high-quality eggs complies with current regulations and meets the growing consumer demand for high-quality cage-free eggs. Cage-free-X ensures excellent performance in terms of egg production and management costs.

1. Accessibility
2. Flexibility
3. Maximization of available space

About Us

Since our inception, we have dedicated ourselves to the research, design, production, and installation of poultry and livestock farming equipment. Our mission is to offer comprehensive supply chain products to domestic and international clients, covering layer hens, broilers, egg packaging, and environmental equipment.
