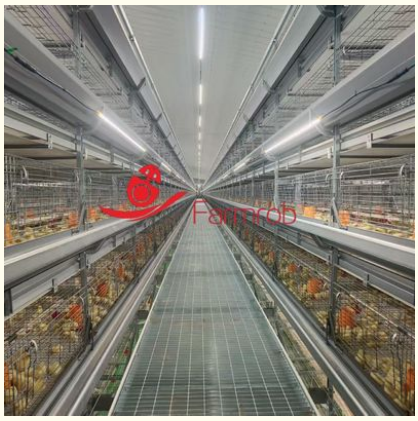
Dependable 8-Tier Poultry Cage System for Baby Chicken Stress-free Space

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H Type pullet cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month



Product Specification

- Material: Al-Zn-Mg Alloy
- Feature: Anti-corrosion
- Service Life: Over 15 Years
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Story Height: 700mm
- Highlight: **8-Tier Poultry Cage System**, **Baby Chicken Poultry Cage System**, **Stress-free Poultry Cage System**

Product Description

Dependable 8-Tier Poultry Cage System for Baby Chicken Stress-Free Space

Description:

Crafted from high-quality Mg-Al-Zn alloy, Farmrob's poultry cage delivers exceptional strength and long-lasting durability. This corrosion- and rust-resistant cage ensures a safe, low-maintenance housing solution for your chickens.

Designed with chicken welfare in mind, the cage provides a spacious, comfortable, and hygienic environment, promoting healthier and more productive birds. Our patented devices guarantee a clean, consistent water supply and uniform feed supply, enhancing disease prevention.

Engineered to create a warm, secure, and stress-free environment, Farmrob's pullet cage promotes healthy development and robust growth in young chicks, which is suitable for 0-105 days chick. Its easy-to-clean, hygienic design minimizes bacterial buildup, drastically reducing the risk of infections and diseases for safer and happier chicks.

Advantage of automatic pullet battery cage

1. The Medium Frames are made of Mg-Al-Zn alloy, and the head and tail frames are hot-dip galvanized. These frames can withstand harsh environments with service period of up to 25 years. The spring door is more convenient for catching birds when transferring and vaccinating.

2. Double water line is mounted with patented nipples and cups, ensure sufficient clean water and avoid water wastage.

3. Belt type manure removal structure and Polyurethane double manure scrapers ensure clean manure thoroughly, improve coop hygiene, reduce the occurrence of diseases.

4. Ventilation fan system controls poultry house inner environment, provide fresh air, proper humidity for chickens. The temperature difference inside the house is extremely small.

Support and Services:

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

1.Installation Guidance: Ensuring smooth installation and proper functionality of the system.

2.Regular Maintenance and Repair Services: Keeping the system in optimal working condition.

3.Technical Troubleshooting: Quickly resolving any issues encountered during use.

4.Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
