

Low stress breeder rearing cage system for natural insemination

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Farmrob
- Certification: ISO9001
- Model Number: H type
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Story Height: 850mm
- Cage Size: 4800mm*1200mm*700mm
- Unit Area: 576 Cm²
- Birds/cage: 100
- Life Service: Over 15 Years
- Tiers: 3 4
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System

Product Description

Low stress breeder rearing cage system for natural insemination

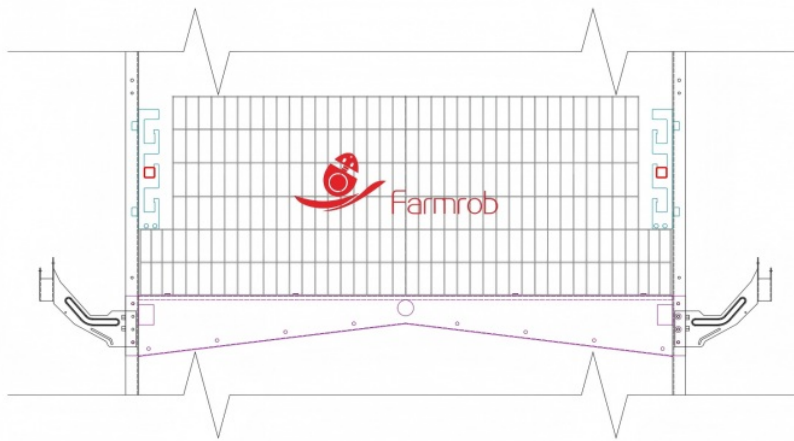

Based on mature technology and careful design, Farmrob is a professional supplier of modern poultry equipment integrating in China, main for pre-sale service, construction and farm planning and design, consultation work, premium products and sale. No.1 layer equipment market share in China. Top three poultry equipment manufacturing.

Features:

Efficient and Automatic Operation: Designed for user-friendly operation, the cage system enhances efficiency in breeder farming. Its advanced automation minimizes manual labor while boosting overall productivity.

Durable Construction: The cage system is constructed with premium Al-Zn-Mg alloy, offering exceptional durability and corrosion resistance. This high-performance material extends the system's lifespan for over 15 years while minimizing maintenance requirements.

Customization Design: The system is designed to accommodate a capacity of 100 birds per cage, which respect chicken's natural mating and reduce stress to improve the egg quality. The height of waterline can be adjusted, which is easier for the hens to drink water. Improved bird welfare due to increased space and freedom of movement.

We provide:

- 1.Maintenance-free and easy-to-operate rearing equipment.
- 2.Thoughtful service and perfect after-sales service system.
- 3.Technical training and installation guidance.
