Product Description

Cost-effective Layer Chicken Cage System Sliding Door

Product Description

Farmrob's robust construction features stable brackets and reinforced cage design capable of supporting multiple chickens securely. The thoughtful design ensures a comfortable environment for poultry, enhancing chickens' well-being and optimizing egg production efficiency.

The double water lines provide sufficient water for chickens, flicker-free bulbs provide even lights for chickens, which are essential for their growth and development. 700 mm story height increases the gap between the manure belt and the top net. The cage height is 45cm to ensure sufficient ventilation and good heat dissipation effect, which will make chickens feel comfortable.

We understand the importance of investing in quality equipment for your poultry farm. So we committed to develop maintenance-free and efficient equipment without any hidden cost.

Whether you're a small-scale startup or a large commercial operation, Farmrob delivers efficient, reliable chicken rearing solutions. Our equipment is easy to install, clean, and maintain—saving you time and labor while ensuring optimal performance.
