

60000 Layer Chicken Cage System Good load-bearing capacity

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Characteristics: Automatic Feeding System, Automatic Drinking System, Manure Removal System, Egg Collection System, ventilation And Cooling System
- Material: Al-Zn-Mg Alloy, Al-Zn Alloy, Hot-dip Galvanizing
- Story Height: 700mm
- Services: Maintenance, Debugging, Technical Training, Installation Guidance,

Product Description

60000 Layer Chicken Cage System Good Load-Bearing Capacity

As a leading provider of poultry rearing solutions, Farmrob specializes in innovating, designing and improve automatic systems to enhance modern poultry production and maximize operational productivity. Our innovative solutions are expertly engineered to address diverse regional challenges, from extreme climatic conditions to infrastructure constraints, ensuring customized performance for poultry producers worldwide.

Our cage and bracket

Our bottom mesh with suitable grid size to prevent chickens from getting stuck and allow efficient manure passage. Soft meshes with gentle slope effectively minimize egg contamination risks. The design provides ample space for natural movement, ensuring bird comfort and welfare. All welded joints undergo specialized polishing to eliminate sharp edges.

Middle support: Farmrob uses professional bending techniques to process raw material into middle support, precisely controlling product quality and dimensional accuracy.

The surface is smooth and not rough and size is 40*30mm.

Also constructed with other high-strength reinforced hot-dipped galvanized supports, the cage maintains structural integrity under heavy loads, preventing deformation or collapse throughout prolonged.

The Al-Mg-Zn manure belt bracket has good strength and high anti-corrosion performance without burrs on the surface, ensuring smooth, scratch-free interaction with manure belts.

Support and Services:

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

- 1.Installation Guidance: Ensuring smooth installation and proper functionality of the system.
- 2.Regular Maintenance and Repair Services: Keeping the system in optimal working condition.
- 3.Technical Troubleshooting: Quickly resolving any issues encountered during use.
- 4.Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your

poultry farming business thrive.
