30000 Layer Chicken Cage System Smart System

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Story Height: 700mm
- Tiers: 3
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Services: Maintenance, Debugging, Technical Trainning, Installation Guidance

Product Description

30000 Layer Chicken Cage System Smart System

Manure removal system

Farmrob’s innovative manure removal system delivers exceptional performance through its advanced engineering design. The system effectively eliminates the problem of off-track belt while substantially lowering equipment failure rates.

The driven spiral roller actively prevents manure accumulation, ensuring smooth operation.Burr-free Al-Zn-Mg alloy brackets can withstand heavy manure loads without deformation.

Incorporate a multi-tier integrated control mechanism for the manure scraper. Polyurethane double scrapers can clean the manure more effectively. The fully automated operation significantly reduces labor requirements while minimizing infection risks through consistent waste removal.

Feeding system

Farmrob's innovative feeding system’ simplified structure ensures smooth operation while delivering exceptionally uniform feed distribution, setting new industry standards for consistent feeding performance.

The integrated patented feed leveler enhances distribution accuracy, eliminating uneven feeding issues that compromise flock nutrition. Complemented by an advanced residue collection mechanism, the system significantly reduces labor requirements while minimizing feed waste through resource recovery.

Residue collector can efficiently return excess feed from both ends, ensuring optimal feed utilization. This comprehensive solution combines mechanical precision with

operational efficiency to deliver superior feeding performance while reducing costs and improving flock management.

About Farmrob

Farmrob is a leading poultry manufacturer, No.1 layer equipment market share and provider, Top three poultry industry in China. We are committed to providing reliable and durable equipment for clients. With technological innovation as the core, Farmrob insists on animal welfare and production efficiency, and helps the global farming industry to move towards a better future.
