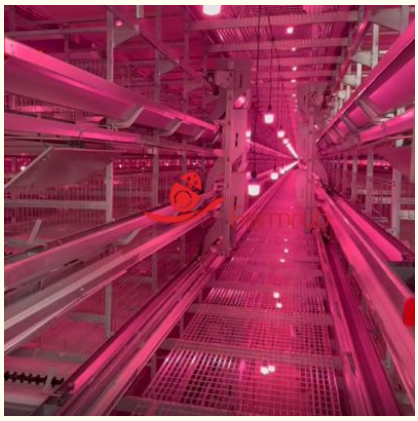
Efficient Layer Chicken Cage System 275g/m² Coating Cage Farm

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: farmrob
- Certification: ISO9001, CE
- Model Number: H type layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month



Product Specification

- Service Life: Over 15 Years
- Story Height: 700 Mm
- Tiers: 3-12
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System, Automatic Egg Collection System
- Services: Maintenance, Debugging, Technical Trainning, Installation Guidance
- Highlight: **275g/m² coating layer chicken cage**, **efficient layer chicken cage system**, **farm layer chicken cage system**

Product Description

Efficient Layer Chicken Cage System 275g/m² Coating Cage Farm

Efficient Design Layer Chicken Cage System with 275g/m² Zinc Coating

Our advanced layer cage system is engineered for optimal poultry farming efficiency and chicken health, featuring durable construction with premium materials.

Cage Frame Construction

- Structural support composed of beam, beam hook, buckle, and other supports
- Middle support processed as single piece for ≤8 layers or two sections for >8 layers
- Middle support dimensions: 40mm×30mm×40mm (thickness: 1.8/2.0/2.5mm)
- Material: 440 Mg-Al-Zn alloy with 275g/m² coating (Al 10%, Mg 3%)
- Head/tail supports: 40mm×30mm×2.0mm rectangular tubes
- Big head support: 60mm×40mm×2.0mm rectangular tubes
- Tail stand supports: 40mm×20mm×2.0mm rectangular tubes
- All components welded and hot-dipped in zinc for maximum durability

Cage Body Specifications

- Constructed from Q235 Al-Zn alloy wire through straightening, welding, and assembly
- Includes top net, bottom net, front net, back net, and cage door
- Top net features dense grid pattern for security
- Bottom net with 7.5° slope for optimal egg collection
- Standard dimensions: 45cm height × 65cm depth
- Capacity: 9 chickens per cell

Health Benefits for Poultry

Our multi-layer coops promote chicken health and productivity through innovative design:

- Easy-to-clean structure minimizes parasitic infestations and bacterial infections
- Quick identification and isolation of sick birds prevents disease spread
- Manure management system prevents accumulation on bottom net
- Egg separation from waste reduces Salmonella contamination risk
- Enrichment cage design extends productive laying period

Why Choose Farmrob?

With over 20 years of poultry farming expertise, we deliver superior solutions:

- China's leading layer equipment supplier and manufacturer
- Customized construction and engineering solutions
- Cost-effective pricing without compromising quality
- Animal-friendly equipment designed for poultry welfare
- Advanced technical equipment with 25-year lifespan
- Comprehensive installation and technical guidance
- Farmer training programs for equipment use and maintenance
