

## Mini Temp Difference Layer Chicken Cage System Reduced Stress

Our Product Introduction

### Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

### Product Specification

- Features: Anti-aging, Anti-corrosion
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Services: Technical Training, Installation Guidance, Maintenance
- Story Height: 700 Mm
- Accessories: Feeders, Nipples, Manure Belt, Etc

## Product Description

### Mini Temp Difference Layer Chicken Cage System Reduced Stress

Centralized and streamlined management, combined with the automatic feeding, drinking, manure removal, ventilation and cooling, and lighting systems, significantly reduces labor demands. This integrated automation not only enhances productivity and improves working conditions but also keep chickens healthy.

### H Type Battery Chicken Cage Advantages

For precise water treatment, we offer high-performance DOSATRON dosing pumps to ensure optimal layer health management. The complete drinking water system is also equipped with efficient water supply, filter, drainage and backflush devices to maintain hygienic water standards.

Reduced labor needs: Automated systems significantly decrease reliance on manual work. Only 2–3 personnel are required to efficiently manage an entire poultry house.

When integrated with advanced technologies, the system supports fully real-time management.

Precise environmental control ensures minimal temperature difference within the poultry house, under the conditions of enclosed structure, excellent insulation, and effective heat retention. This stable and optimized environment promotes the healthy and comfortable growth of the chickens.

### H Type Battery Chicken Cage Features

1. Centralized management allows for more efficient use of energy and labor resources.
2. Even feed distribution can keep chicken uniformity and healthy body.
3. The design of cage and manure removal system can keep friendly and hygienic environment.
4. Optimize the energy efficiency and enhance egg production rates. Advanced devices design of egg collection system keeps lower breakage Rate.

### About Farmrob

Farmrob is a leading poultry manufacturer, No.1 layer equipment market share and provider, Top three poultry industry in China. We are committed to providing reliable and durable equipment for clients. With technological innovation as the core, Farmrob insists on animal welfare and production efficiency, and helps the global farming industry to move towards a better future.
