

Chain Feeding Cage Free System with Comfortable Living Environment

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: Welfare system
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Material: Al-Zn-Mg Alloy
- Service Life: Over 15 Years
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Feature: Anti-corrosion
- Tiers: 3

Product Description

Chain Feeding Cage Free System with Comfortable Living Environment

1. Chain Feeding: Bilateral feeding. Meet the feed intake standards(5cm per chicken) and ensure that each chicken can eat evenly, reducing feed waste.
2. Scientific Design: Reasonable rearing density. Enough water line and enough feeding position. Practice eco-friendly farming, respect the nature of animal, improve the animal welfare.
3. The facility features an open structure design, which includes a range of welfare settings aimed at promoting natural behaviors. These include perch poles, activity platforms, and other enrichment devices.
4. Ventilation, egg collection, and manure cleaning are fully automated, significantly reducing labor and enhancing operational efficiency. Also, the manure removal is thorough. The manure belt is separated from chickens, which reduces the spread of infectious diseases.
5. The increased movement space allows chickens to move more freely, which promotes greater activity, robustness, and overall health.
6. Nesting closure setting is on each laying nest. Raising the position of nest at night can prevent chickens from entering the nest and incubation.

Our welfare system is popular among many countries like America, Australia. Reduce diseases, maintain stable egg production, and produce high-quality eggs.

Feeding mode	Chain
Length	1200 mm
Width	2440 mm
First Floor Height	550 mm
Second Floor Height	650 mm

Support and Services:

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

- 1.Installation Guidance: Ensuring smooth installation and proper functionality of the system.
- 2.Regular Maintenance and Repair Services: Keeping the system in optimal working condition.
- 3.Technical Troubleshooting: Quickly resolving any issues encountered during use.

4.Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
