

Adjustable Drinking System Poultry Cage System in Morocco

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type pullet rearing equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Story Height: 700 Mm
- Services: Maintenance, Debugging, Technical Training, Installation Guidance,
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Feature: Anti-corrosion

Product Description

Adjustable Drinking System Poultry Cage System in Morocco

Farmrob's pullet cage promotes healthy growth with secure, and stress-free environment. Our design minimizes bacterial breeding, drastically reducing the risk of infections and diseases. For one cage, 11 birds can be raised with 327 cm² unit area, which is suitable for 0-105 days baby chick.

700mm story height, automatic manure removal system and ventilation and cooling system create a clean, hygienic and comfortable activity space for the birds with sufficient air and light.

Advantage of automatic pullet battery cage

1. The middle supports are made of Mg-Al-Zn alloy, and the head and tail frames are hot-dip galvanized. These frames can withstand harsh environments. The spring door is more convenient for catching birds when transferring and vaccinating.
2. 0.95-0.98 Mg-Al-Zn alloy feed troughs with patented devices such as to meet even feed and avoid feed wastage. Trolley with a simple structure and low failure rate.
3. Double water line is mounted with patented nipples and cups, ensure sufficient clean water and avoid water wastage. The height of water pipes can be adjusted.
4. Belt type manure removal structure and manure scrapers ensure clean manure thoroughly, improve coop hygiene, reduce the occurrence of diseases.
5. Ventilation fans, cooling pads and side windows maintain comfortable poultry house inner environment, provide fresh air, proper humidity for chickens. It ensures a minimal temperature difference throughout the house.

Support and Services

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

1. Installation Guidance: Ensuring smooth installation and proper functionality of the system.
2. Regular Maintenance and Repair Services: Keeping the system in optimal working condition.
3. Technical Troubleshooting: Quickly resolving any issues encountered during use.
4. Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
