

Enhanced Biosecurity Poultry Battery Cage System for Baby Chickens

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type pullet rearing cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Services: Maintenance, Debugging, Technical Training, Installation Guidance
- Story Height: 700 Mm
- Feature: Anti-corrosion
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System, Heating System

Product Description

Enhanced Biosecurity Poultry Battery Cage System for Baby Chickens

Descriptions

Farmrob's pullet cages provide a safe, low-stress environment through our robust construction of high-end materials, which offers superior strength and corrosion resistance. Our commitment to continuous design optimization further ensures minimal failure rates.

It is equipped with Zn-Al alloy spring door, which can be opened easily.

Convenient for vaccinations and transferring chickens in and out without harming the birds.

The story height of 700mm is designed to enhance ventilation, air circulation, and light penetration, thereby reducing bird stress and promoting healthier growth.

Each tier is equipped with feeding plate adjustment devices and the water line regulating linkages on both sides. These devices allow for easy adaptation to poultry at different growth stages. Furthermore, durable adjustment components ensure a uniform waterline height is maintained throughout all tiers.

By effectively separating chickens from the manure belt and ensuring timely cleaning, the system cuts contamination and pathogen exposure. This direct intervention minimizes disease spread and leads to a significant reduction in overall mortality.

Support and Services:

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

- 1.Installation Guidance: Ensuring smooth installation and proper functionality of the system.
- 2.Regular Maintenance and Repair Services: Keeping the system in optimal working condition.
- 3.Technical Troubleshooting: Quickly resolving any issues encountered during use.
- 4.Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
