

Real-Time Observation Poultry Battery Cage System with Easy Operation

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type pullet equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Services: Maintenance, Debugging, Technical Training, Installation Guidance
- Story Height: 700 Mm
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Feature: Anti-corrosion

Product Description

Real-Time Observation Poultry Battery Cage System with Easy Operation

Advantage

Automated systems significantly reduce the manual work. Only 2–3 personnel are required to efficiently manage an entire poultry house. Our automatic systems facilitate the real-time observation and management.

Cage mesh is made of high-quality Q235 Al-Zn alloy, ensuring superior corrosion resistance. It features a smooth, burr-free surface and inherent elasticity to protect chickens' feet. The appropriately sized grid design and plastic net prevents chickens from getting stuck, escaping. Maintain the normal activities of the chickens.

Back manure conveyor with 7mm thick manure belt and an alloy frame that is rust-proof and deformation-resistant. Effectively transports manure to collection trucks or processing facilities.

Components such as metal buckles ensure even force distribution, which enhances structural integrity by providing high strength and minimal deformation.

Support and Services

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

1. Installation Guidance: Ensuring smooth installation and proper functionality of the system.
2. Regular Maintenance and Repair Services: Keeping the system in optimal working condition.
3. Technical Troubleshooting: Quickly resolving any issues encountered during use.
4. Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
