

50000 Pullets Poultry Battery Cage System with Professional Laser Bending Techniques

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic rearing system
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-dust, Comfortable Living Environment
- Services: Maintenance, Debugging, Technical Training, Installation Guidance
- Service Life: 15 Years
- Characteristics: Adjustable Drinking System And Feeding System
- Quantity/ Cage: 11 Birds/cell, 3 Cells/cage, 33 Birds/cage- 0-105 Days

Product Description

50000 Pullets Poultry Battery Cage System with Professional Laser Bending Techniques

Descriptions

1. Single cage is 600*600*450mm, suitable for chicks aged 0-105 days. Each cage can accommodate 11 chicks, providing ample activity space and larger area per bird. The cage is equipped with Zn-Al alloy spring door. The story height is 700mm, features excellent ventilation. Cage is equipped with a top net that allows for easy vaccination and chicken handling.

2. The middle support is made of high-strength 40x30mm Al-Mg-Zn with a 1.8mm/2.5mm thickness, providing exceptional load-bearing capacity. Farmrob adopts professional laser cutting machine, bending techniques and other machines to process raw material into middle support, precisely controlling product quality.

3. The manure removal system addresses common industry challenges, specifically eliminating belt misalignment and minimizing failure. Its front triangular scraper effectively collects feathers. To ensure the smooth operation of the front nylon spiral wheels, it is crucial to clean these collected feathers promptly.

4. The electrical control cabinet delivers powerful and stable performance with intensive control. It features both automatic and manual operation, ensuring the safety, reliability, and flexibility of poultry house control.

Advantages:

1. Provide comfortable living environment for the chickens' physiology and production requirements.
2. The system incorporates automation in feeding, drinking, manure removal, and ventilation and cooling system. This significantly reduces labor and operational costs.
3. The enclosed design of the chicken house acts as a physical barrier against the outside environment, greatly reducing the risk of cross-contamination.

Support and Services:

The cage rearing system is a high-quality, durable, which designed to meet the needs of poultry farmers.

The technical support and services we offer include:

1. Installation Guidance: Ensuring smooth installation and proper functionality of the system.
2. Regular Maintenance and Repair Services: Keeping the system in optimal

working condition.

3. Technical Troubleshooting: Quickly resolving any issues encountered during use.

4. Training and Instruction: Providing training on system usage and best practices in poultry management.

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
