

## 5-8 Tiers Pullet Poultry Battery Cage System in the UAE Farm

### Our Product Introduction

#### Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic pullet cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

#### Product Specification

- Features: Anti-aging, Anti-corrosion
- Services: Technical Training, Installation Guidance, Maintenance
- Story Height: 700mm
- Service Life: Over 15 Years
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling System, Automatic Manure Removal System
- Highlight: **5-tier pullet poultry battery cage, 8-tier poultry cage system UAE, farm poultry battery cage system**

## Product Description

### 5-8 Tiers Pullet Poultry Battery Cage System in the UAE Farm

#### Optimal Living Environment for Pullet

##### Cleanliness:

The manure belt and top net are separate, with a 13-15 cm distance between them. Chicken droppings pass through the grids without falling into the trough.

##### Feed System:

Farmrob's feeding system ensures consistent feed distribution with adjustable plates controlled by bird age, providing sufficient feeding access and preventing competition.

##### Temperature Control:

Our ventilation system maintains precise temperature differentials (1-2°C) with continuous fresh air supply, optimized for each age group.

##### Humidity Regulation:

Proper humidity levels are maintained for each growth stage - preventing respiratory issues from excessive humidity and dust irritation from low humidity.

##### Heating System:

External heat sources prevent chicks from using metabolic energy for warmth, ensuring optimal growth while reducing sickness and mortality rates.

##### Lighting:

Precision-controlled LED systems manage light color and intensity to promote health, reduce stress, and prevent anal pecking behaviors.

#### Support and Services

Our durable cage system is designed for poultry farming success, backed by comprehensive support:

**Installation Guidance:** Ensuring proper system setup and functionality

**Maintenance Services:** Keeping equipment in optimal condition

**Technical Support:** Rapid troubleshooting for operational issues

**Training Programs:** Instruction on system operation and poultry management best practices

We are committed to exceptional service that helps your poultry operation thrive.
