

Reliable Drinking System for Intelligent Layer Chicken Cage System in the United Arab Emirates

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer system
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Service Life: Over 15 Years
- Story Height: 700mm
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Trainings: Installation, Maintenance, Debugging
- Trading Method: EXW, FOB, CFR, CIF
- Highlight: **layer chicken cage drinking system, intelligent chicken cage water system, UAE poultry cage drinking system**

Reliable Drinking System for Intelligent Layer Chicken Cage System in the United Arab Emirates

Through continuous innovation and collaboration with leading academic institutions, Farmrob has developed solutions that address the demands of modern poultry farming. As one of China's top three poultry equipment manufacturers, Farmrob has earned the trust of clients worldwide with its reliable products and proven farming systems. To date, we have served more than 5,000 customers. Our fully automatic layer rearing equipment is widely recognized and is helping drive the future of intelligent agriculture.

The cage system is designed to be easy to install. You can easily set up the customized chicken layer cage in your poultry farm with minimal effort. We also provide installation guidance.

Descriptions of drinking system

Farmrob's advanced watering system is engineered to deliver a consistent, clean, and efficient water supply for your layers.

Key Features:

Dual Water Lines: The system features double water lines with double nipples to guarantee an ample supply of fresh water, ensuring birds can drink at any time.

Patented Nipple Drinkers: Our patented nipple drinkers are designed to minimize water waste and prevent clogging effectively, made from non-aging stainless steel and durable plastic to ensure long-term performance.

Durable UPVC Piping: Constructed from high-quality UPVC that resists deformation, the water pipe is positioned 400mm from the front net for easy inspection and maintenance (for a cage depth of 650mm).

Precise Pressure Control & Filter: Each tier is equipped with a pressure regulator and two terminal blocks to maintain optimal water pressure. Filter guarantees that chickens have access to clean and healthy water.

Efficient Backflush System: A dedicated backflush device allows for easy cleaning by discharging dirty water from the flushing line directly outside the poultry house, simplifying maintenance and supporting barn hygiene.

A sufficient supply of clean, potable water at ambient temperature must always be available for the poultry house. An emergency reserve capable of sustaining the flock for three days should be maintained to ensure a continuous supply and to allow for proper water sedimentation.

About Farmrob

Farmrob is a leading poultry manufacturer, No.1 layer equipment market share and provider, Top three poultry industry in China. We are committed to providing reliable and durable equipment for clients. With technological innovation as the core, Farmrob insists on animal welfare and production efficiency, and helps the global farming industry to move towards a better future.

Tiers	3-12
Quantity of Cells/Cage	2; 3
Each Cell Size (mm)	630*650*450mm; 600*650*450mm
Cage Size	1260*650*450mm; 1800*650*450mm
Quantity of Birds/Cell	9
Area /Bird	455cm ² ; 434cm ²
Story Height	700mm

Why Choose Us?

Farmrob has more than 20 years of poultry farming experience and mature system.

- Customized construction and project design and engineering solutions
- Focus on poultry rearing equipment
- Reasonable and cost-effective quotation
- Chicken-oriented and animal-friendly equipment
- Advanced technical equipment with 15-year lifespan
- Provide installation and technical guidance
- Training for farmers on how to properly care for the birds and use and maintain the equipment
- Thoughtful service and perfect after-sales service system
