

Hassle-free Farm Management for Layer Cage System with Advanced Technology

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Highlight: **layer chicken cage system with warranty, farm management layer cage system, advanced technology layer cage system**

Hassle-free Farm Management for Layer Cage System with Advanced Technology

With over 30 years of continuous innovation in poultry equipment, Farmrob serves as more than a supplier to our partners; we are their trusted advisor in the planning and design of poultry farming.

The Layer Cage System, capable of housing layers up to 12 tiers, is ideally suited for large-scale commercial poultry operations. This system enables maximum profitability and significantly boosts egg production efficiency. Designed with the well-being of the birds in mind, the cages provide ample space, optimized ventilation and clean environment to ensure the health and comfort of your flock.

Proven Benefits for Modern Poultry Farming

Superior Animal Health & Hygiene

- Significantly improves the rearing environment by reducing ammonia levels and pathogenic microorganisms
- Effectively controls parasites to bolster overall flock health

Optimized Farm Operations

- Streamlines management by reducing manual labor and automating manure cleaning
- Minimizes the risk of disease transmission for a safer operation

Enhanced Sustainability & Economics

- Promotes bird welfare by reducing stress, which in turn stimulates growth and lowers mortality
- Supports environmental protection through efficient manure treatment and resource utilization, reducing overall pollution

Key Benefits

1. Improve environmental hygiene
 - Reduce ammonia concentration
 - Reduce pathogenic microorganisms
 - Control parasites
2. Maintain chicken health
 - Reduce stress
 - Promote growth
 - Reduce mortality rate
3. Enhance farm management efficiency
 - Reduce manual labor intensity and improve manure cleaning efficiency
 - Reduce the risk of spreading diseases
4. Environmental Protection and Resource Utilization
 - Reduce Pollution
 - Manure treatment and utilization

Technical Specifications

Feature	Specification
Tiers	3-12
Quantity of Cells/Cage	2; 3
Each Cell Size (mm)	630*650*450mm; 600*650*450mm
Cage Size	1260*650*450mm; 1800*650*450mm
Quantity of Birds/Cell	9
Area /Bird	455cm ² ; 434cm ²
Story Height	700mm

Support and Services

The cage rearing system is a high-quality, durable solution designed to meet the needs of poultry farmers. The technical support and services we offer include:

1. Installation Guidance: Ensuring smooth installation and proper functionality of the system
2. Regular Maintenance and Repair Services: Keeping the system in optimal working condition
3. Technical Troubleshooting: Quickly resolving any issues encountered during use
4. Training and Instruction: Providing training on system usage and best practices in poultry management

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
