

## Comfortable Living Environment for Baby Chicks with Poultry Battery Cage System in Middle East Farms

Our Product Introduction

### Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic pullet system
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

### Product Specification

- Service Life: Over 15 Years
- Services: Maintenance, Debugging, Technical Training, Installation Guidance
- Story Height: 700 Mm
- Feature: Anti-corrosion
- Cage Size: 1800\*600\*450mm-3 Doors/cage
- Highlight: **poultry battery cage system for baby chicks, middle east farms poultry cage, comfortable living environment poultry cage**

## Product Description

### Comfortable Living Environment for Baby Chicks with Poultry Battery Cage System in Middle East Farms

Pullet cages are designed to rear baby chicks from the chick phase through maturity—approximately 80 to 105 days—before the birds are moved to layer cages for egg production. During this period, pullets require attentive rearing to ensure they are well-prepared for subsequent laying. The quality of their development directly influences future egg production rates, with healthier growth leading to higher productivity. Consequently, effective pullet rearing enables poultry farmers to achieve an optimal return on investment. Farmrob's pullet cage can help you complete this mission.

This equipment is available from 3 to 8 tiers that features automatic drinking, feeding, manure removal and control system. Its design prioritizes operational efficiency, significantly reducing both labor and operational costs, which makes it as a superior solution for modern poultry farming.

#### Features of Pullet Chicken Cage

- **Optimized drinking:** A height-adjustable, dual water line with leak-proof nipples guarantees ample, clean water.
- **Efficient Feeding:** A precision system that saves time and reduces feed waste.
- **Enhanced Hygiene:** Manure is separated via pp belt, and improved ventilation reduces disease risk.
- **Durable Construction:** Engineered for a 15-20 year service life, the cages are made of Al-Zn alloy, while the middle supports are constructed from high-strength, corrosion-resistant Al-Mg-Zn alloy. All other accessories likewise utilize high-quality materials to ensure long-term structural integrity.
- **Climate Control:** Ventilation fans, cooling pads and side windows maintain comfortable poultry house inner environment, provide fresh air, proper humidity for chickens. It ensures a minimal temperature difference throughout the house.

#### Why Choose Farmrob?

Farmrob has more than 20 years of poultry farming experience and mature system.

1. Customized construction and project design and engineering solutions
2. Reasonable and cost-effective quotation
3. Chicken-oriented and animal-friendly equipment
4. Advanced technical equipment with 25-year lifespan
5. Provide installation and technical guidance
6. Training for farmers on proper bird care and equipment maintenance
7. Thoughtful service and perfect after-sales service system
