Product Description

Long-Lasting Layer Chicken Cage System Enhanced Operation Efficiency

Farmrob delivers customized poultry farming solutions tailored to weather conditions, humidity levels, and farm scale. Our robust chicken cage systems simplify poultry management while maximizing profitability.

Designed for durability and easy installation, our systems are ideal for large-scale, closed-house poultry operations, delivering proven productivity improvements and enhanced farm management.

High-Density Breeding System: Optimized for efficiency and chicken health

Maximized Operational Efficiency

Space & Cost Savings: Maximized space utilization reduces land requirements and lowers initial investment

Streamlined Management: Easy flock monitoring and simplified culling processes for optimal productivity

Automated Supply: Integrated feeding and drinking system ensures consistent fresh food and water delivery

Improved Chicken Performance

Ample Movement & Comfort: Generous space allows free movement and comfortable egg laying

Enhanced Health & Productivity: Design reduces stress, leading to higher egg production and better quality

Optimal Environment: 700mm story height with 150mm gap improves ventilation, prevents manure belt pecking, enhances light penetration, and reduces negative air pressure
