

## Easy Baby Chicks Handling Poultry Battery Cage System Ideal for Enclosed Farms

Our Product Introduction

### Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic pullet equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

### Product Specification

- Service Life: Over 15 Years
- Services: Maintenance, Debugging, Technical Training, Installation Guidance
- Story Height: 700 Mm
- Feature: Anti-corrosion
- Trainings: Installation, Maintenance, Debugging
- Highlight: **poultry battery cage system for chicks, enclosed farm poultry cage system, easy handling battery cage system**

## Product Description

### Easy Baby Chicks Handling Poultry Battery Cage System Ideal for Enclosed Farms

Our pullet rearing system provides baby chicks with a comfortable, low-stress environment that promotes optimal health and productivity. Each cage incorporates fully automatic feeding and watering systems, ensuring a constant supply of fresh feed and clean water. Ideal for enclosed poultry farms, this system enhances efficiency and supports consistent output.

With decades of experience, we have provided advanced poultry farming equipment to producers worldwide. Our products are precisely engineered to meet diverse regional challenges related to climate, socio-economic conditions, and local infrastructure, delivering reliable, tailored solutions wherever they are needed.

#### System Advantages

- Spring door design enables easy chick handling and convenient growth monitoring
- Extended egg pocket with protective board prevents egg pecking
- Optimized 700 mm tier height ensures excellent airflow and light penetration
- Manure belt positioned 150 mm above top tier isolates waste to minimize disease transmission
- Spiral roller-driven manure system reduces waste accumulation and labor requirements
- Precision feeding system with adjustable plate ensures uniform feed distribution
- Double adjustable water lines with leak-proof nipples prevent leakage
- Fully automatic systems enable precise farm management with mature environmental controls

#### Support and Services

Our high-quality, durable cage rearing system is designed to meet the needs of poultry farmers with comprehensive technical support:

- Installation Guidance for smooth setup and proper functionality
- Regular Maintenance and Repair Services to maintain optimal performance
- Technical Troubleshooting for quick issue resolution
- Training and Instruction on system usage and poultry management best practices

**About Farmrob:** Farmrob is a leading poultry manufacturer with the #1 market share in layer equipment and ranks among the top three in China's poultry industry. We are committed to providing reliable, durable equipment through technological innovation that prioritizes animal welfare and production efficiency, helping the global farming industry move toward a better future.
