

3-8 Tiers Poultry Battery Cage System Customizable Pullet Rearing Equipment with Safety Comfort

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type pullet equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: Story Height:
- Highlight: **3-8 tier poultry battery cage system, customizable pullet rearing equipment, safety comfort poultry cage system**

Product Description

3-8 Tiers Poultry Battery Cage System Customizable Pullet Rearing Equipment

Farmrob's fully automatic H-type pullet cage system is meticulously designed to provide a spacious, comfortable, and highly hygienic living environment that promotes healthier, more uniform growth and overall well-being for your pullets. Engineered with flexibility in mind, our solutions offer a wide range of customizable configurations from 3 to 8 tiers, allowing you to tailor the system precisely to your facility's space, specific requirements, and long-term production goals. By integrating advanced smart automation, we streamline daily operations, reduce labor demands, and ensure consistent, high-quality care at every stage of development, ultimately enhancing both bird performance and farm efficiency.

Technical Features

- Accommodates chicks from day 1 to 105 days old
- Spring cage door design for convenient chick management, preventing bird injury and escape
- Feeding trolley with simple, reliable structure and uniform feeding performance
- Adjustable feed plate and drink line that adapt to chicks' growth stages
- Belt-type manure removal with polyurethane double scrapers for thorough cleaning
- Centralized control cabinet for simplified operation and labor savings
