

6 Tiers Long Lasting Poultry Battery Cage System with Minimal Maintenance Needs

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type baby chicks cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: 700 Mm
- Highlight: **6 tier poultry battery cage system, long lasting poultry cage system, low maintenance poultry battery cages**

Product Description

6 Tiers Long Lasting Poultry Battery Cage System

This advanced 6-tier poultry battery cage system is engineered for exceptional durability and minimal maintenance requirements, providing a comprehensive solution for modern poultry farming operations.

Automatic Pullet Cage System Design

The 700 mm tier height is strategically designed to keep chickens away from the manure belt, minimizing pecking-related injuries while ensuring superior light uniformity and fresh air circulation across all tiers.

The middle support structure utilizes premium Al-Zn-Mg alloy, delivering exceptional durability, corrosion resistance, and high load-bearing capacity for a system lifespan exceeding 15 years.

Cage Specifications

Dimension	1.8m × 0.6m × 0.45m
Application	Chicks from 0-105 days
Mesh Material	Q235 Al-Zn alloy wire (10% Al)
Features	Superior anti-rust performance, spring cage door for easy access

The spring-operated cage door facilitates convenient vaccination and efficient chicken transfer operations.

Feeding System

Troughs are constructed from Al-Zn-Mg alloy plate (Al 11%, Mg 3%) with integrated steps positioned behind the trough, ensuring easy feed access for even the youngest chicks.

Adjustable Systems

Feeding Plate Adjustment: Precision-engineered mechanism maintains consistent height from front to back, ensuring equal feed access for all birds and reducing waste.

Water Line Adjustment: Fully adjustable height with alloy connections maintaining perfect consistency across all cage levels, promoting uniform hydration and reducing competition.

Pullet Cage Features

- Comfortable and safe feeding environment
- Reduced stress and vent pecking incidents
- Enhanced chicken health and lower mortality rates
- Optimal area allocation per bird
- Improved farm management efficiency
- Superior flock uniformity

Technical Support & Services

Our comprehensive support package ensures optimal system performance throughout its operational lifecycle:

- Professional installation guidance and supervision
- Scheduled maintenance and repair services
- Rapid technical troubleshooting assistance
- Comprehensive training on system operation and poultry management best practices
