

Layer Chicken Cage System with Corrosion Resistant Materials and Automated Egg Collection for Vietnam Farms

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: 700mm
- Highlight: **corrosion resistant layer chicken cage, automated egg collection chicken cage, layer chicken cage system Vietnam**

Product Description

Layer Chicken Cage System for Vietnam Farms

Farmrob has developed innovative poultry farming equipment designed specifically for modern, large-scale agricultural operations. As a leading Chinese company in poultry equipment, we deliver reliable, high-performance products backed by comprehensive end-to-end solutions.

Our fully automatic rearing equipment integrates automation with intelligent control systems, empowering farmers to optimize production, reduce labor costs, and enhance poultry development. We are committed to shaping the future of smart farming with sustainable, efficient solutions.

System Features & Benefits

- High-quality 3 to 12-tier equipment designed for commercial layer farming
- Space-saving, hygienic, and automated solution to maximize egg production
- Hot-dip galvanized walkway grating and stairways for 6+ tier configurations
- Corrosion-resistant Q235 Al-Zn alloy wire and Al-Mg-Zn alloy plate construction
- Anti-aging manure and egg belts resistant to moisture and waste degradation
- Manure belt positioned 150mm above top net for effective waste separation
- Reduces disease transmission risk and promotes healthier flock environment
- Ideal for energy-efficient operations with limited land availability
- Enables fine management practices and optimal resource utilization

Fully Automated Systems

- Automatic Feeding System
- Automatic Drinking System
- Automatic Egg Collection
- Automatic Manure Removal
- Automatic Cooling & Ventilation
- Automatic Control System

Technical Support & Services

Our high-quality, durable cage rearing system is designed to meet the evolving needs of poultry farmers. We provide comprehensive support services including:

- Professional Installation Guidance for proper system functionality
- Regular Maintenance and Repair Services to maintain optimal performance
- Technical Troubleshooting for quick issue resolution
- Training and Instruction on system usage and poultry management best practices

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive and achieve maximum profitability.
