

Stable Egg Production Layer Chicken Cage System for Indonesian Farms

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: 700mm

Product Description

Stable Egg Production Layer Chicken Cage System for Indonesian Farms

Product Overview

Engineered for efficient, optimal performance, this equipment upholds high reliability across a wide range of operating conditions. Its robust construction ensures structural stability, while the thoughtful design supports long-lasting functionality even under demanding applications.

Certifications: ISO9001:2015 and CE certified

A key feature of the Layer Chicken Cage is its eco-friendly design. It provides a safe and healthy habitat for layers while significantly reducing environmental impact and bird stress. This commitment aligns perfectly with modern agricultural standards that prioritize animal welfare and ecological responsibility.

System Design Features

The Layer Chicken Cage is a high-end housing system engineered for efficient layer management. Each cell accommodates nine birds, providing optimal conditions for health and productivity.

- Well-organized space reduces competition among hens
- Supports uniform feed and water access
- Promotes natural behaviors without increasing injury risk
- Optimized ventilation maintains air quality and thermal comfort
- Sloped floor design facilitates clean egg rolling
- Reliable belt system simplifies manure removal

Technical Specifications

Specification	Value
Tiers	3-12
Quantity of Cells per Cage	3
Each Cell Size (mm)	600*650*450
Cage Size (mm)	1800*650*450
Quantity of Birds per Cell	9
Unit Area/Bird	434cm ²
Story Height	700mm

Key Benefits

- Improve environmental hygiene
- Maintain chicken health
- Enhance farm management efficiency
- Environmental Protection and Resource Utilization
- Improvement of egg production
- Minimize egg breakage and cracks
- Reduce labor costs
- Extend equipment service life
- Support biosecurity management

Support and Services

The cage rearing system is a high-quality, durable solution designed to meet the needs of poultry farmers. We are committed to delivering

exceptional customer service and support to help your poultry farming business thrive.

Installation Guidance: Ensuring smooth installation and proper functionality of the system

Regular Maintenance and Repair Services: Keeping the system in optimal working condition

Technical Troubleshooting: Quickly resolving any issues encountered during use

Training and Instruction: Providing training on system usage and best practices in poultry management
