

3-8 Tiers High-Strength Poultry Battery Cage System for Commercial Laying Duck Farms

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001
- Model Number: H type automatic laying duck equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Cage Size: 300mm *500mm *470mm(L*D*H)

Product Description

3-8 Tiers High-Strength Poultry Battery Cage System for Commercial Laying Duck Farms

Our robust battery cage system features reinforced construction capable of securely supporting multiple birds under high-density farming conditions. Built from high-strength, corrosion-resistant materials, it withstands long-term use in harsh farm environments while optimizing poultry well-being and egg production quality.

Optimal Airflow Design

700mm story height promotes gentle, uniform airflow throughout the system, enhancing heat dissipation and cooling efficiency. Accelerates replacement of stale air with fresh oxygen-rich air for healthier respiratory environment.

High-Strength Construction

Manufactured from Q235 Al-Zn alloy wire with precision straightening, automatic welding, and rigid assembly. All components securely integrated to form robust, distortion-resistant framework.

Efficient Egg Collection

High-friction PP belts securely transport eggs without rolling, reducing surface cracks. Low-failure egg lifts operate at controlled speeds for smooth vertical transfer and minimal damage.

H Type Battery Duck Cage Advantages

- Centralized management enables efficient use of energy and labor resources
- Even feed distribution maintains flock uniformity and healthy body condition
- Cage and manure removal system maintains hygienic environment
- Optimized energy efficiency and enhanced egg collection with low breakage rates
- Automated control system for feeding, egg collection, manure removal, ventilation, and lighting

Why Choose Farmrob?

With over 20 years of poultry farming experience and mature systems:

- Customized construction, project design, and engineering solutions
- Reasonable and cost-effective quotations
- Chicken-oriented and animal-friendly equipment
- Advanced technical equipment with 25-year lifespan
- Professional installation and technical guidance
- Comprehensive farmer training on bird care and equipment maintenance
- Thoughtful service and complete after-sales service system

We are committed to developing maintenance-free, efficient equipment without hidden costs. What you see is what you get: durable, reliable, high-performance solutions that maximize your return on investment.
