

## 3 Rooms/Cage Layer Chicken Cage System with Increased Productivity and Operational Safety

Our Product Introduction

### Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

### Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Tier Height: 700 Mm

## Product Description

### 3 Rooms/Cage Layer Chicken Cage System with Increased Productivity and Operational Safety

Farmrob has developed a range of innovative poultry farming equipment tailored specifically for modern agricultural operations. As one of the top three companies in China's poultry equipment industry, Farmrob has earned the trust of clients worldwide through reliable products, mature technical solutions, and an unwavering commitment to quality.

Widely recognized for its efficiency, durability, and intelligent design, Farmrob's fully automatic layer rearing equipment integrates automation and smart control systems to advance the future of smart farming. It helps farmers boost productivity while cutting labor costs and minimizing operational risks.

#### Engineered for Long-Lasting Performance

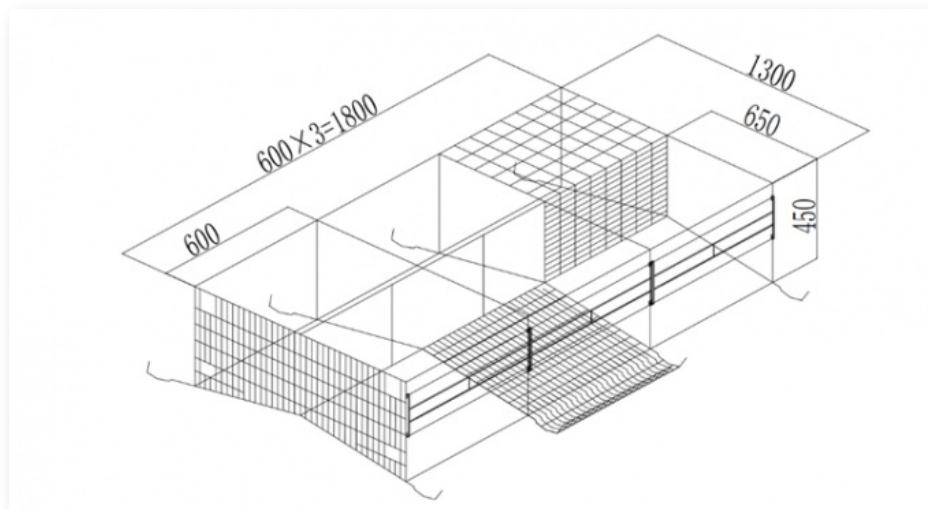

The equipment is built with high-quality materials to ensure a service life of over 15 years.

Al-Mg-Zn alloy middle support (dimensions: 30mm × 40mm × 40mm), which provides excellent corrosion resistance and structural strength

Q235 Al-Zn alloy wire, known for its robustness and durability in demanding farming environments

The metal partition net buckle is directly attached to the trough, ensuring even force distribution and preventing deformation

The back net effectively prevents chickens from pecking at each other, reducing injury, stress, and mortality rates

#### Cage Specifications

Specification	Value
Tier Height	700 mm
Cage Length	1800 mm
Unit Length	600 mm
Cage Width	1300 mm
Unit Width	650 mm
Cage Height	450 mm
Rooms/Cage	3
Birds/Room	9
Unit Area/Bird	434 <sup>2</sup>

#### Why Choose Farmrob?

Farmrob has more than 20 years of poultry farming experience and mature system solutions.

#### **Customized Solutions**

Tailored construction and project design with engineering solutions to meet specific needs

#### **Cost-Effective Pricing**

Reasonable and competitive quotations providing excellent value for investment

#### **Animal-Friendly Design**

Chicken-oriented equipment that prioritizes animal welfare and comfort

#### **Advanced Technology**

Technical equipment designed for 25-year lifespan with modern features

#### **Professional Support**

Comprehensive installation services and technical guidance for optimal setup

#### **Farmer Training**

Complete training on proper bird care, equipment operation, and maintenance procedures

#### **After-Sales Service**

Thoughtful service and comprehensive after-sales support system

**Sichuan Shengxing Intelligent Technology Group Co., Ltd.**
