

Medium-scale Large-scale Layer Chicken Cage System with Easy Poultry Management

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type automatic layer cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: 700mm

Medium-scale Large-scale Layer Chicken Cage System with Easy Poultry Management

Product Overview

The layer chicken cage system is specifically designed to suit medium-scale and large-scale farms, offering a practical and efficient solution for poultry management.

Key Features

High-Standard Ventilation

This system ensures high-standard ventilation for the birds, which is crucial for maintaining optimal respiratory health and preventing heat stress.

Climate Regulation

By promoting consistent airflow, the cage environment helps regulate temperature and reduce humidity, directly contributing to improved laying performance.

Stable Egg Production

Hens raised in well-ventilated cage systems tend to show high and stable egg production.

Clean Living Environment

The design emphasizes a clean living environment, with features such as manure collection belts and efficient waste removal mechanisms.

Disease Prevention

These elements minimize the accumulation of droppings and reduce the risk of disease outbreaks.

Labor and Welfare Benefits

A cleaner habitat also lowers labor demands for sanitation and supports better overall flock welfare.

Cost-Effective Solution

The layer chicken cage system offers a balanced, cost-effective approach for small and medium-scale farmers aiming to boost productivity while maintaining healthy and hygienic conditions for their birds.

System Benefits

Improve Environmental Hygiene

- Reduce ammonia concentration
- Reduce pathogenic microorganisms
- Control parasites

Maintain Chicken Health

- Reduce stress
- Promote growth
- Reduce mortality rate

Enhance Farm Management Efficiency

- Reduce manual labor intensity and improve manure cleaning efficiency
- Reduce the risk of spreading diseases

Environmental Protection and Resource Utilization

- Reduce pollution through manure treatment and utilization

Why Choose Farmrob?

Farmrob has more than 20 years of poultry farming experience and mature system.

Customized construction and project design and engineering solutions

Reasonable and cost-effective quotation

Chicken-oriented and animal-friendly equipment

Advanced technical equipment with 25-year lifespan

Provide installation and technical guidance

Training for farmers on how to properly care for the birds and use and maintain the equipment

Thoughtful service and perfect after-sales service system
