

80000 Birds Layer Chicken Cage System Combining Automatic Feeding Drinking And Egg Collection For Streamlined Poultry Farm Operations

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: farmrob
- Certification: ISO9001, CE
- Model Number: H type layer equipment
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Egg Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Tier Height: 700 Mm
- Cage Size: 1800mm*650mm*450mm

Product Description

80000 Birds Layer Chicken Cage System with Automatic Feeding, Drinking and Egg Collection

Based on mature technology and careful design, Farmrob is a professional supplier of modern poultry equipment in China. Our comprehensive services include pre-sale consultation, farm planning and design, construction supervision, premium product supply, and after-sale technical support. With years of industry experience, we deliver integrated solutions tailored to both small-scale farms and large commercial operations.

Product Highlights

Efficient and Automatic Operation

- User-friendly system significantly enhances layer farming efficiency
- Advanced automation includes feeding, watering, egg collection, and manure removal
- Minimizes manual labor while boosting overall productivity
- Intuitive control system allows remote monitoring and management
- Reduces human error and ensures consistent 24/7 performance

Durable Construction

- Main body constructed with premium Al-Zn-Mg and Al-Zn alloy
- Exceptional durability and corrosion resistance in harsh environments
- Extended system lifespan exceeding 15 years with minimal maintenance
- Lower long-term operating costs through reduced maintenance requirements
- Robust design ensures structural stability under high-density loading
- Provides safe and comfortable living environment throughout production cycle

Advanced Ventilation System

- Comprehensive system includes fans, side windows, cooling pads, and air deflectors
- Cooling pads utilize evaporative cooling principle with high-performance paper material
- Excellent water absorption, anti-mildew properties, and long service life
- High-quality ventilation fans ensure effective climate control
- Air deflectors with aluminum alloy frame and color steel cladding
- Precise airflow direction control prevents cold air from directly contacting birds
- Reduces risk of illness through optimized environmental conditions

Support and Services

Our high-quality, durable cage rearing system is designed to meet the specific needs of poultry farmers. We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.

- Installation Guidance:** Ensuring smooth installation and proper system functionality
- Regular Maintenance and Repair Services:** Keeping the system in optimal working condition
- Technical Troubleshooting:** Quickly resolving any issues encountered during use
- Training and Instruction:** Providing comprehensive training on system usage and poultry management best practices
