

80000 birds Poultry Battery Cage System Durable And Corrosion-Resistant Structure For Stable Operation

Our Product Introduction

Basic Information

- Place of Origin: Chengdu, China
- Brand Name: Farmrob
- Certification: ISO9001, CE
- Model Number: H type pullet cage
- Minimum Order Quantity: 200 sets
- Price: USD 65-200/set
- Packaging Details: Normal export packing 20ft / 40HQ container
- Delivery Time: 60 days
- Payment Terms: L/C,T/T
- Supply Ability: 50000 sets per month

Product Specification

- Features: Anti-corrosion, Durable, Easy To Install, Easy To Clean
- Characteristics: Automatic Drinking System, Automatic Feeding System, Automatic Ventilation And Cooling Collection, Automatic Manure Removal System
- Service Life: Over 15 Years
- Trainings: Installation, Maintenance, Debugging
- Story Height: 700 Mm
- Cage Size: 1800*600*450

Product Description

80000 Birds Poultry Battery Cage System

Engineered by Farmrob's seasoned technical specialists, this solution represents the pinnacle of agricultural innovation, where advanced engineering seamlessly converges with next-generation smart technology. Our development process is driven by a lean, highly efficient workflow that prioritizes precision, ensuring every unit delivers exceptional performance and long-term operational integrity.

Built to withstand the rigors of intensive farming, the system features a heavy-duty, corrosion-resistant structure that guarantees outstanding mechanical stability and continuous, 24/7 functionality. This rugged design ensures unwavering reliability.

At the core of this system is our advanced high-density breeding architecture, which revolutionizes spatial efficiency. By significantly reducing the physical land footprint, it lowers infrastructure costs and maximizes return on investment per square meter. Furthermore, the intelligent cage configuration facilitates real-time health monitoring, allowing farm managers to track flock behavior and welfare with unparalleled accuracy.

System Features

Design:

H-type fully automated pullet cage configuration engineered for optimal space utilization and operational efficiency. Vertical layout maximizes bird capacity and integrates seamlessly with automated feeding, watering, and manure removal systems.

Application:

Flexible design accommodates 3 to 8 tiers, ideally suited for modern, large-scale commercial farms. Modular tier structure allows scaling operations according to specific production needs and facility dimensions.

Middle Support:

Fabricated from high-strength Al-Zn-Mg alloy plates offering exceptional load-bearing capacity and corrosion resistance. Ensures long-term structural integrity under sustained weight.

Cage Mesh:

Constructed from burr-free Q235 aluminum-zinc alloy wire prioritizing handler safety. Smooth, burr-free surface prevents injuries while Al-Zn alloy coating provides superior anti-corrosion protection.

Feed Trough:

Manufactured from Al-Zn-Mg alloy plates combining durability with intelligent feeding management. Features excellent self-healing characteristics and adjustable feed plate for precise control based on flock age and growth stage.

Dual Water Line:

Square pipe construction delivering robust, leak-resistant water supply. Patented nipple drinker design prevents water spillage and clogging. Fully height-adjustable to match birds' age and size.

Manure Belt System:

Every tier equipped with dedicated manure belt positioned beneath cages. Programmed regular operation efficiently removes waste, improving air quality and creating healthier environment for flock and staff.

Support and Services

Our high-quality, durable cage rearing system is designed to meet the needs of poultry farmers. We provide comprehensive technical support and services including:

Installation Guidance: Ensuring smooth installation and proper functionality

Regular Maintenance and Repair Services: Keeping system in optimal condition

Technical Troubleshooting: Quickly resolving operational issues

Training and Instruction: Providing system usage and poultry management best practices

We are committed to delivering exceptional customer service and support to help your poultry farming business thrive.
